2 Defining application lifecycle management (ALM) isn't easy. Different people (and different vendors) take quite different perspectives. Still, ALM is an important topic, and so understanding what it encompasses is

What is Application Lifecycle Management? - David Chappell

Alistair Cockburn's Writing Effective Use Cases is an approachable, informative, and very intelligent treatment of an essential topic of software design. "Use cases" describe how "actors" interact with computer systems and are essential to software-modeling requirements. For anyone who designs software, this title offers some real insight into writing use cases that are clear and correct and ...
