A tutorial is a method of transferring knowledge and may be used as a part of a learning process. More interactive and specific than a book or a lecture, a tutorial seeks to teach by example and supply the information to complete a certain task.. A tutorial can be taken in many forms, ranging from a set of instructions to complete a task to an interactive problem solving session (usually in ...

Eddy currents are currents induced in conductors to oppose the change in flux that generated them. It is caused when a conductor is exposed to a changing magnetic field due to relative motion of the field source and conductor; or due to variations of the field with time.

What is the Eddy Current? - electrical-engineering-portal.com

The museum of HP computers is a collection of HP computing products introduced between 1966 and 1991. The museum contains: calculators, desktop computers, computer systems, tape drives, disc drives, plotters, printers, digitizers and other hardware as well as software, documentation and promotional materials.
