

aviation medicine other human pdf

Aviation medicine, also called flight medicine or aerospace medicine, is a preventive or occupational medicine in which the patients/subjects are pilots, aircrews, or astronauts. The specialty strives to treat or prevent conditions to which aircrews are particularly susceptible, applies medical knowledge to the human factors in aviation and is thus a critical component of aviation safety.

Aviation medicine - Wikipedia

Aviation safety means the state of an aviation system or organization in which risks associated with aviation activities, related to, or in direct support of the operation of aircraft, are reduced and controlled to an acceptable level. It encompasses the theory, practice, investigation, and categorization of flight failures, and the prevention of such failures through regulation, education ...

The Healthy Buildings Team created the 9 Foundations of a Healthy Building as a standardized, holistic approach to understanding how buildings impact the people inside them. In any indoor space - offices, homes, schools, airplanes - these foundations can be assessed via Health Performance Indicators, or HPIs.
