Alcoholism, also known as alcohol use disorder (AUD), is a broad term for any drinking of alcohol that results in mental or physical health problems. The disorder was previously divided into two types: alcohol abuse and alcohol dependence. In a medical context, alcoholism is said to exist when two or more of the following conditions are present: a person drinks large amounts over a long time ...

The tricky one would be comparing the costs of the drug war. Compare alcohol, which is a hard drug and hugely harmful, but so stupidly easy to make that banning it is handing buckets of free money to organised crime, blindness and brain damage from methanol in badly-distilled spirits, etc. . I do concur that busting people's asses for driving while stoned is a very important social bright ...

THE AA MEMBER-MEDICATION & OTHER DRUGS. This is AA General Service Conference approved literature. Because of the difficulties that many alcoholics have with drugs some members have taken the position that no one in AA should take any medication, while this position has undoubtedly prevented relapses for some, it has meant disaster for others.
