Bitcoin (BTC) is a cryptocurrency, a form of electronic cash. It is a decentralized digital currency without a central bank or single administrator that can be sent from user-to-user on the peer-to-peer bitcoin network without the need for intermediaries. Transactions are verified by network nodes through cryptography and recorded in a public distributed ledger called a blockchain.

Investing means buying an asset that actually creates products and services and cashflow for an extended period of time. Like a piece of a profitable business or a rentable piece of real estate. An investment is something that has intrinsic value – that is, it would be worth owning from a financial perspective, even if you could never sell it. Now, with that moral sermon out of the way, we ...
