Public law is that part of law which governs relationships between individuals and the government, and those relationships between individuals which are of direct concern to society. Public law comprises constitutional law, administrative law, tax law and criminal law, as well as all procedural law. In public law, mandatory rules prevail. Laws concerning relationships between individuals belong ...

The Environmental Health Section of the Division of Public Health safeguards life, promotes human health and protects the environment through the practice of modern environmental health science, the use of technology, rules, public education and above all, dedication to the public trust.

DPH: Environmental Health Section

The theory of natural monopoly is an economic fiction. No such thing as a "natural" monopoly has ever existed. The history of the so-called public utility concept is that the late 19th and early 20th century "utilities" competed vigorously and, like all other industries, they did not like competition.

The Myth of Natural Monopoly | Mises Institute
