

social psychology goals in pdf

Social psychology is the scientific study of how people's thoughts, feelings and behaviors are influenced by the actual, imagined or implied presence of others. In this definition, scientific refers to the empirical investigation using the scientific method. The terms thoughts, feelings and behavior refer to psychological variables that can be measured in humans.

Social psychology - Wikipedia

In sociology, social psychology, also known as sociological social psychology or microsociology, is an area of sociology that focuses on social actions and on interrelations of personality, values, and mind with social structure and culture. Some of the major topics in this field are social status, structural power, sociocultural change, social inequality and prejudice, leadership and intra ...
