Infographic: Benchmarking to Inform Planning This article was published with a complementary infographic that visually depicts how the Core Data Service can inform key institutional planning questions on IT financials, staffing, and services.

Benchmarking to Inform Planning: The EDUCAUSE Core Data

Process benchmarking is the identification of root causes, which lead to achievement of superior performance. Patient experience benchmarking focuses upon meeting patient expectations (Kozak, 2004; Ellis, 2004). Competitive benchmarking uses performance measures to inform how well or badly a person or company is performing against direct competitors.

Health Care Benchmarking - fmsk.org

involved in the benchmarking process. We will look at the issues of what to benchmark, and where to find benchmarking information. We will conclude with a discussion on analyzing data and implementing changes. Overview Designing a benchmark involves a four-step process: plan, research, analyze, and implement.

Benchmarking in HR - hrxperts.org

the application of benchmarking in the British Royal Mail have been reported by Zairi and Whymark (2000). The use of benchmarking as an effective company learning tool is suggested by Evans and Dean (2003), Ford and Evans (2001). Further, Soni, et al., (2010) argued that benchmarking is a methodology used to facilitate learning from outside.

Using international benchmarks to inform university strategy Strategic Excellence Initiative for Vice-Chancellors and Principals Professor David Taylor, Pro-Vice-Chancellor International, University of Huddersfield In partnership with:

Using international benchmarks to inform university strategy

Benchmarking agreements and training increase familiarity with the benchmarking process and can help to reduce these barriers. One of the greatest barriers to benchmarking is a lack of resources. Most organizations are leaner today than in the past, and dedicating the essential resources can be difficult.
