Pratibha: The back-cover blurb on the book jacket of Woman, Native, Other describes the book as 'postfeminist'. I find this term problematic, because my understanding of it within the context of England is that it is a term used by the mainstream media as a way of denigrating current feminist practices.

violence against Native women both on the reservation and in the dominant culture, there must first be an analysis of why there is so much violence against Native women today. Then there must be an examination of the roles of tribal, state, and federal actors,

Violence Against Native Women - Institute for Native Justice

As Native history has evolved, this practice has changed from tribe to tribe, and there are more and more instances where women are taking back the big drum, and raising their voices in joy. Also, this in some part has been borne out of the fact that many families who had only girl children, continued to pass down the important teachings.
